

TIGO ENERGY

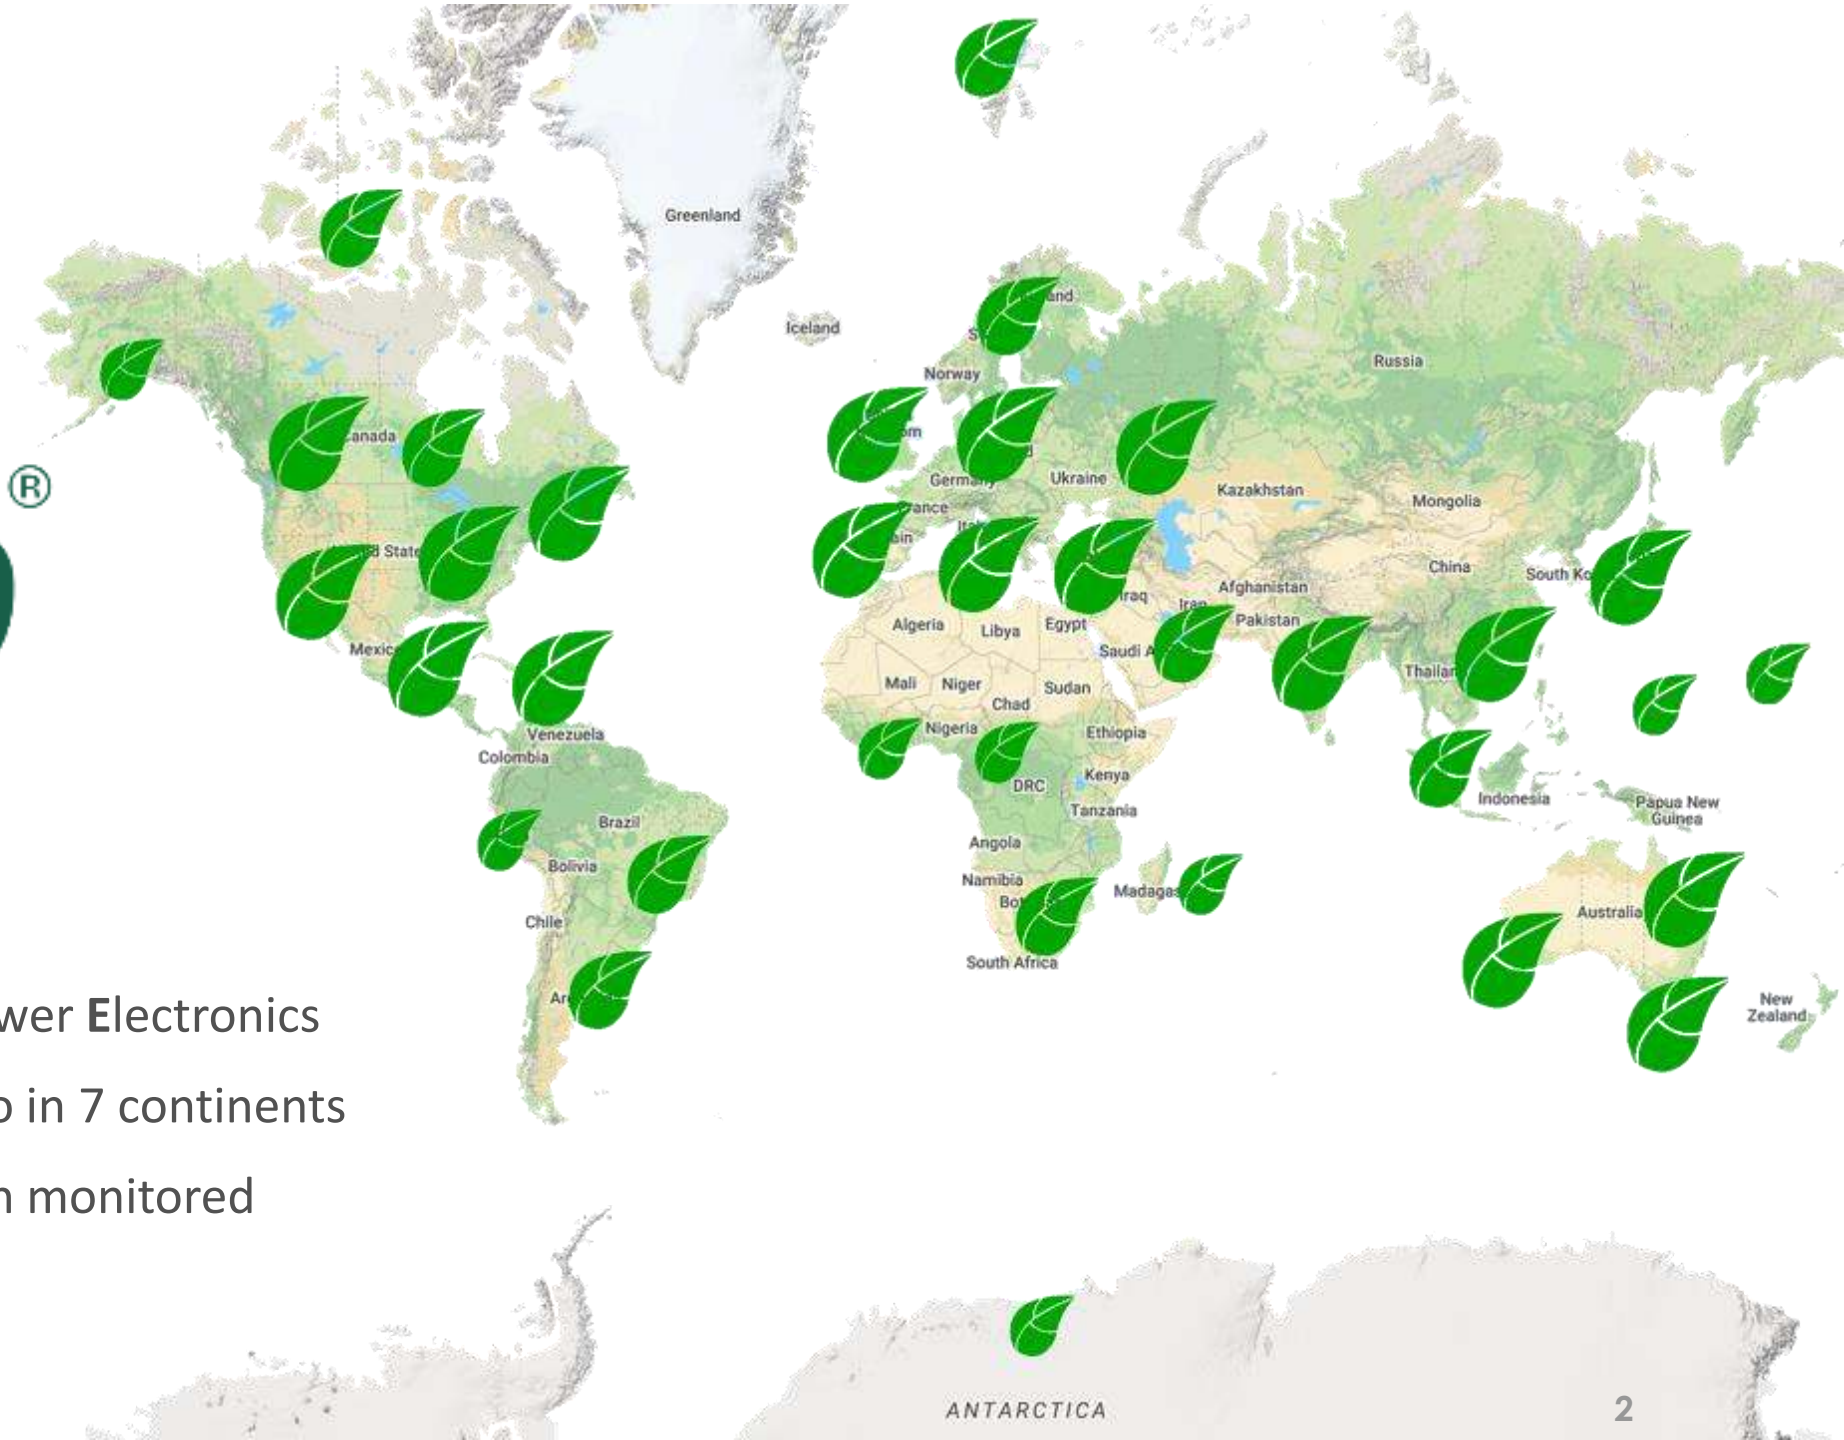

Your smart
PV partner

Tigo®

Tigo®

- ❖ Founded in 2007
- ❖ HQ in Silicon Valley, CA
- ❖ Leader in **Module Level Power Electronics**
- ❖ >40,000 PV installs use Tigo in 7 continents
- ❖ >1GWh daily PV production monitored
- ❖ 84 patents issued

Experienced Tigo Leadership Team

Zvi Alon

Chairman and CEO
30+ years experience

Danit Neeman

Chief Financial Officer
20+ years experience

JD Dillon

Chief Marketing Officer
20+ years experience

Jing Tian

Chief Growth Officer
12+ years solar experience

Jurgen Krehnke

Chief Commercial Officer
25+ years experience

Anita Chang

Chief Operations Officer
20+ years experience

Archie Roboostoff

VP Software
20+ years experience

Cathal McCarthy

Chief Customer Officer
25+ years experience

Danny Eizips

VP Engineering
20+ years experience

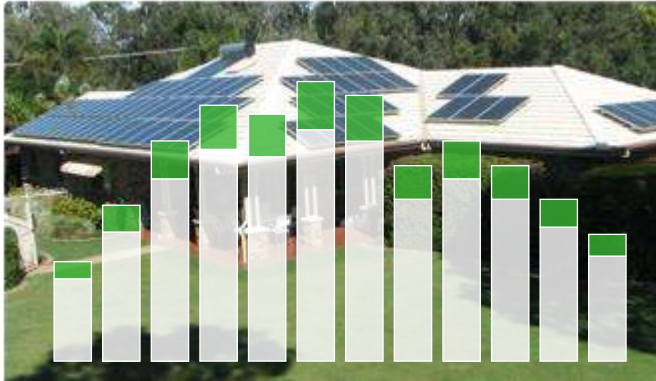

Tigo is pioneering the next generation of PV by:

- ❖ Increasing PV module energy output
- ❖ Lowering O&M with energy intelligence monitoring
- ❖ Enhancing safety with module level shutdown

SVALBARD
Tigo's northern-
most installation

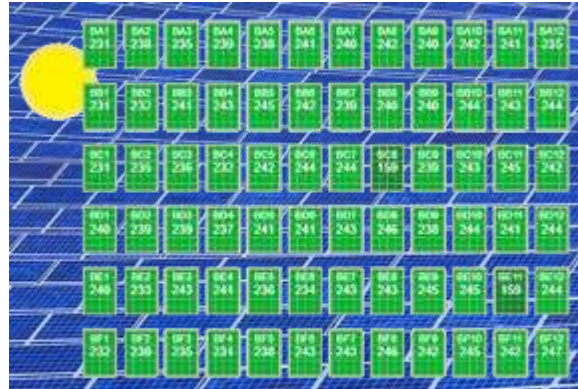

Tigo solves the challenges of traditional PV

Performance

Optimization maximizes energy output & minimizes losses

Visibility

Monitoring lowers O&M by diagnosing specific issues earlier

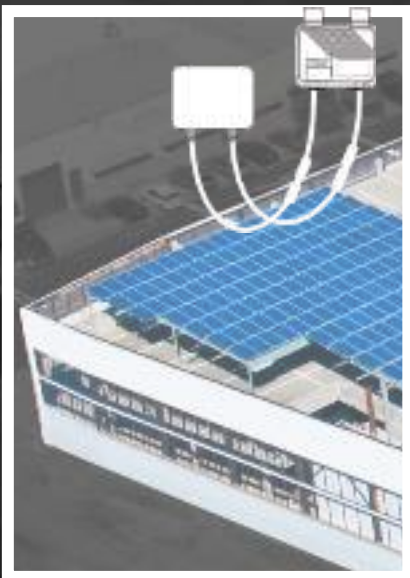

Safety

Module level shutdown meets code and safety requirements

With hardware and software

HARDWARE

Tigo TS4
On each module

SOFTWARE

Energy Intelligence
Monitoring Platform

At any scale with any module or inverter

Tigo TS4

Adds features to each module

Inverter(s)

Choose from leading brands

-  Goodwe
-  SMA
-  Sungrow
-  Huawei
-  Dozens more brands

Integrated on added on module

Tigo TS4 (Integrated)

Tigo TS4-R (Retrofit)

Flexibility to choose the features you want

Tigo TS4 Flex MLPE platform

Why Tigo

Trusted

Gigawatt hours of solar energy is produced every day using Tigo systems

Works anywhere

Residential, Commercial, Industrial, Floating, etc.

Freedom

Choose your inverter, choose your features
